Harleston Youth FC Terms and Conditions 2026-27 Season

The club generally considers the regular season to run for 8 months from September until April, broadly in line with the Norfolk & Suffolk Youth League, Norfolk Combined League and Norfolk Women & Girls' League programmes.

The subscription prices underneath cover one training session and one match per week during this period. Additional training sessions, friendly matches and tournaments may be arranged at each Team Manager's discretion outside of these dates and, if so, then an appropriate charge may be made for them.

- I will advise my team's manager of any changes to the contact details, health or any other circumstances around this young person of which the club should be aware for administrative or welfare purposes.

Option 1: Single payment of £95 by Sept 1st

Option 2: 2 payments of £52.50 by Sept 1st and December 1st

Option 3: 8 x monthly payments of £14 due on the 1st of each month from Sept-April – for those playing league games for the club

Option 4: 8 x monthly payments of £10 due on the 1st of each month from Sept-April for those training with the club but not playing league games.

Other options may be possible depending upon individual circumstances, please discuss with your Team Manager in the first instance.

Any player for whom payment has not been received by 15 days beyond these dates will not be eligible to train or play any more matches until such a time as that payment is made.

There is also a £25 kit deposit payable against the issuing of HYFC-supplied match kit to all new players registered to play in league matches, and refundable upon safe return of that kit should the player subsequently leave the club.

That all said, it is a guiding principle of the club to support sport for all, and that no child should be denied the opportunity to play football with HYFC because of financial hardship. If this is the case, please in the first instance make your Team Manager aware and they will then work with the Club Treasurer to find an appropriate solution.

Best regards
